

Original BMW Accessories Side Window Sun Blind X4 (F26), X5 (F15), 2 Series (F45)

NEWS:

- New model added

Product description

The sun blind for attachment to the rear side windows provides shade for the interior of the car and therefore protects against direct sunlight.

Sales features / benefits

- The sun blind's shade particularly protects children from direct sunlight and **reduces the interior temperature of the car**. It also provides privacy from prying eyes.
- **Custom-fit for the X4(F26), X5(F15) and 2 Series (F45)**: the sun blind's shape is perfectly adapted to the geometry of the car's windows.
- The sun blind can **now be sold as a single piece for the first time**, making it especially ideal if only one child is travelling and therefore only one sun blind is needed.
- **Sun blind with open window**: by attaching the sun blind to the window frame, it can be used even when the door side window is lowered.
- **Simple attachment** thanks to a bracket that is simply stuck onto the window frame. The fastening points are described in the installation information.
- **High-quality material**: the sun blind's woven, 100% polyester net is easy to clean with a damp microfibre cloth.
- The supplied **nylon bag** is **ideal for storing the sun blind**.

Functionality

- The bracket into which the sun blind is clamped is simply stuck onto the window frame.
- The folding spring steel wire means that the sun blind can be folded up small and packed away in the bag supplied.

Promotion

- The sun blind can now be sold as a single piece for the first time, making it especially ideal if only one child is travelling and therefore only one sun blind is needed.
- The sun blind is supplied in attractive sales packaging (see photo) and can be positioned very effectively at the POS.
