

Original BMW Accessories Blackline radiator grille, ornamental grille surround, ornamental grille in the side wall M3 (E92 M3, E93 M3, F80), M4 (F82, F83)

NEWS:

- Variant added

Product description

The decorative parts made from chrome can be exchanged for black ones. The radiator grille, ornamental grille in the side wall and ornamental grille surround in the bonnet in high-gloss black create (bodywork) highlights and ensure a uniform, sporty and striking appearance.

Sales features / benefits

- **Striking, black appearance:** The black BMW radiator grilles feature black decorative rods and a shiny black decorative ring. They make the front of the car look more sporty and more muscular.
- The black ornamental grille in the side wall standardises the appearance of the side of the car and **accentuates the vehicle's sporty look.**
- The **frame of the radiator grille in the bonnet in black** makes the inlet opening appear larger and creates an additional highlight on the bonnet itself (**only for E92 M3 and E93 M3**).
- Mysteriously dark: when all three products are exchanged, their **high-gloss black appearance creates a uniformity** that draws admiring glances.

Competition comparison

- BMW is the only manufacturer to offer the radiator grille, ornamental grille surround and ornamental grille in the side wall in OEM quality.

Supplied package

See EPC for details of the kit's contents.

Note

The ornamental grille surrounds in the bonnet are retrofitted as a spare part. They can be ordered in two versions: primed or painted. The primed version can be painted by the BMW partner. When the painted version is ordered, the colour code required for any preferred colour can also be specified directly - this means that the ornamental grille surrounds will be supplied ready-painted. ◀
